

MIHAI

What data needs to be collected for:

- Searching for parallelization opportunities
- Converting code for parallel execution

Control dependencies are needed?

Packages in Java CAN be useful as units of encapsulation, but nobody cares about their interfaces.
→ (ALmost) every class in real life is public.

- Christian

IS A 1000-TIMES-SLOWER OVERHEAD
ACCEPTABLE, AT LEAST UNDER SOME
CIRCUMSTANCES?

ANDREA Z.
